# MULTI-SPECIALTY CHARITABLE HOSPITAL FOR RURAL AND BACKWARD TRIBAL AREAS

IDRF is seeking your help in raising funds for the construction and expansion of a 250-bed hospital in Meghraj, Gujarat. This state-of-the-art expansion hospital will help provide a high level of healthcare facilities at low cost or free for poor patients from rural and backward tribal areas. This hospital will also benefit the people from the nearby districts of Rajasthan. The land has been purchased behind the existing hospital and the construction is underway.

The hospital provides a high level of health care for free or at affordable costs to the patients. Free meals to patients and one family member, prescription glasses to students, cataract surgeries, eye camps, etc. are provided to 50,000+ patients annually.

---

**A donation of \$123,000 will help in the construction and setting up of Class 100 Modular Operation Theaters to support all high-end and high-risk invasive surgeries.**

---

You can pledge as a group or individual and nameplates of generous donors will be installed on the equipment and walls of the hospital. Please contact [admin@idrf.org](mailto:admin@idrf.org) for more sponsorship details.
