
DEVELOPMENT PROJECTS FOR ADOLESCENT GIRLS "VAIDEHI KISHORI VIKAS YOJNA"

Under this project, regular group meetings are held at *Kishori Vikas Center* to provide a platform for social support, individual leadership development, and women empowerment.

In 275 slums in Hyderabad, adolescent girls (11-20 years) are provided help with their school work along with training in health and hygiene, community celebrations, vocational skills (hand embroidery, fabric painting, handicrafts, screen printing, detergent making, etc), and personality development.

We are seeking your help to set up 40 more Kishori Vikas centers.
